# International PhD Program: Seminars in Biomedical Neurosciences

Università  
della  
Svizzera  
italiana

Faculty  
of  
Biomedical  
Sciences

Lectures  
organised  
by

Ente Ospedaliero Cantonale  
Neurocentro della Svizzera Italiana  
Istituto di Neuroscienze Cliniche della Svizzera Italiana

All seminars will be  
conducted Virtual on Zoom

Wednesday  
17h30 – 18h30

PD Dr. S. Galati  
salvatore.galati@usi.ch

24th January  
**Sander van Kuijk**  
Maastricht University, Limburg,  
Nederland  
“The holy grail of science”  
[Link Zoom](#)

13th March  
**Roberto Di Maio**  
Institute for Neurodegenerative,  
University of Pittsburgh, Pittsburgh,  
USA  
“Exploring oxidative signaling in  
Parkinson’s disease: uncovering  
complex pathways and potential  
therapeutic avenues.”  
[Link Zoom](#)

10th April  
**Ilaria Callegari**  
Dipartimento di Biomedicina,  
University of Basel, Basel,  
Switzerland  
“Intrathecal IgM response in  
multiple sclerosis includes  
brain-reactive antibodies”  
[Link Zoom](#)

24th April  
**Rosario Moratalla**  
Spanish National Research Council  
(CSIC), Madrid, Spain  
“Anxiety and Depression in Par-  
kinson’s Disease: Evidence from  
Animal Models”  
[Link Zoom](#)

29th May  
**Tiziana Borsello**  
Department of Pharmacological and  
Biomolecular Sciences, University of  
Milan, Italy  
“The role of JNK3 protein in  
neurodegenerative diseases”  
[Link Zoom](#)

5th June  
**Veit Mylius**  
Philipps University of Marburg and  
Rehabilitation in the Valens Clinics,  
Valens, Switzerland  
“Association of pain with  
Parkinson’s disease”  
[Link Zoom](#)
